

Vedic Kanya P.G. College **Raja Park Jaipur** **Student Satisfaction Survey Report (2022-2023)**

The Student satisfaction survey is an important tool for measuring the effectiveness of education and identifying area for improvement. By gathering feedback from students about their experience in the classroom, universities and schools can gain valuable insights into what is working well and what needs to be changed. This information can then be used to make informed decisions about curriculum development, teaching methods, and resource allocation. The students are an integral part of the institution. In order to capture the experiences of students for the academic session 2022-2023, a questionnaire of 11 parameters has been framed and forwarded online and offline. The questionnaire of the survey includes 11 questions to which responses are given anonymously by the students of the institution. The survey components include an institute level feedback on learning experiences. Student Satisfaction Survey was conducted during the month of March, 2023. The outcome of the survey will help to reach the objective of the institution. This will also help to initiate remedial action to improve the facilities whenever and wherever it is required. The result of the survey will provide a base to plan for the future. Approx. 100 students responded to Student Satisfaction Survey.

The analysis of the survey conducted shows that, 85% students were highly satisfied on the Teaching Learning Process of the institution. Students have expressed satisfaction over the syllabus covered in their classes and laboratories. The survey questions include the parameters like facilities, syllabus, course outcomes and related activities in the college revealed that the students are highly satisfied. At the same time the students highly appreciated and satisfied with the implementation of learning

outcome based curriculum which includes communication of teacher with students, teaching methodology, seminar works and its follow up made by the faculty .Teaching with ICT tools by the faculty along with the appropriate teaching Pedagogy has been rated high in the survey.
